

## CONDITIONAL STATEMENT(SWITCH CASE)

### Programs:

1. Write a program using switch case in the following examples:
  - a) Twelve months.
  - b) Using vowels.
  - c) Using operators among two variables in each case like (a+b), (a-b), (a\*b), (a/b).
  - d) ATM options.
  - e) Online food delivery variety options.

### Theory:

1. What is a switch case statement in Java?
2. How do you set the condition on a switch case?
3. What is the use of default keyword in switch?
4. What is difference between break and continue?
